**T**HIS Hospital enjoys a singular Advantage in Situation, from its Neighbourhood to the Shipping below Bridge, and a vast Body of Manufacturers in Spital-fields. Its Wards, by their Magnitude, are adapted in the most striking Manner to the Relief of the Distressed, the airy Situation of them promising the most beneficial Effects.

The Support hitherto afforded by generous Benefactors, has enabled its Governors to receive 441,445 Patients since the Year 1740, viz. about 7000 annually, under the several Distresses incident to Human Life, of whom a very small Proportion has died, as appears by the General Account annually published.

Thus Policy and Humanity implore every Assistance which can be given to an Object, so distinguished in the great System of Police, and the Commercial Interest of our Country. It should be remembered, that this Hospital receives all Accidents without Recommendations or Security; and exacts no Security for the Patients recommended.

mended. It is one great Concern of this Institution, that the pecuniary Ability of the Hospital shall keep as equal Pace as possible with the Liberality which it has exercised; and it may be hoped that the Riches of the Nation are such, as will cherish and support, in its full Splendour, an Institution so pregnant with Beneficence, and productive of the most substantial Good, particularly in the Preservation of Manufacturers and Seamen: the Charity of the Individual may thus be abundantly repaid in the national Splendour and Felicity. Nor ought it to be forgotten, that there has been lately erected, contiguous to the Hospital, at the Cost of Individuals, a Theatre for Lectures in the various Branches of Medicine, so that every Part of Medical Science is encouraged and promoted for the common Good.

The present Anniversary affords a noble Occasion of calling on the Generosity of Fellow-Subjects; and the Reasons which are here set forth, give the most ample Testimonials how far this Object is deserving the Beneficence of the Affluent, and the Liberality of the Friends to this Institution.

**T**HIS CHARITY was for some Years carried on in *Prescot-Street, Goodman's-Fields*, in several Houses hired upon Lease for that Purpose; till (by the Decay of the Buildings, notwithstanding large Sums of Money had been expended to keep them in Repair, and the Smallness of the Rooms, fit only for private Families) the Governors were determined to open a Subscription which might enable them to purchase a Piece of Ground, and to build an House more proper to enlarge and perpetuate their benevolent Designs; and which has been since happily effected.

*Situation.*

The present Hospital in Pursuance of this Scheme is a new Building, erected by the voluntary Contributions of several Governors *given for that Purpose only*, in an airy Situation near the *Mount in Mile-end Road*, properly furnished and fitted up with about 130 Beds for the Reception of Patients.

*General Frame,  
and Regulation  
of this Society.*

The Society for carrying on this laudable and most useful Undertaking, is by his Majesty's Charter, bearing Date the 3d of *November 1758*, further confirmed, and declared to be a *Body corporate*, by the Name of *The Governors of the London-Hospital*, and to consist of such Noblemen and Gentlemen as are therein enumerated, and of those who were reputed Governors for Life at that Time; together with such others who, by giving a Benefaction of Thirty Guineas or more at one Time, become Governors for Life; and of those who by subscribing Five Guineas or more a Year, are Governors during such Subscription. Out of these are annually to be elected a President, Two or more Vice-Presidents, and a Treasurer.

*General Court.*

A General Court of Governors is appointed by the said Charter to be held on the first *Wednesdays* in the Months of *March, June, September and December*, to direct the Application of the *common Seal*, which they are thereby empowered to use, to elect Officers, appoint Committees, and receive the Reports of former ones, to inspect Accounts, make such Bye-Laws and Rules as shall be judged necessary for the good Government of this Charity, and to transact such other Business as shall be laid before them.

Among

Among the Bye-Laws which the Governors in a General Court have conformable to their Charter agreed upon, the following ones are to be observed :

The Anniversary Feast of this Charity is to be held between the first of *February* and the last Day of *April*, when a printed Account of the General State of the *Hospital*, the Number of Patients received and discharged, and an Abstract of the Accounts for the Year past, is laid before them.

A Committee of Thirty Governors is appointed at *House Committee* every General Quarterly Court, and at their first Meeting elect a Chairman to preside for the Quarter; who meet at the *Hospital*, on *Tuesdays* weekly, at Eleven in the Forenoon, to receive and dismiss Patients, to order and inspect the Provisions and Furniture sent in, and such Necessaries as may be wanting, to examine and regulate the Conduct of the Servants and Patients, and other Matters which come before them, according to the Constitution of this Charity—where the Attendance of Governors will be esteemed a Favour.

A Committee of Accounts, consisting of Twelve Governors, is appointed at the General Quarterly Court in *June*, for one Year, who meet at the *Hospital* once a Quarter, to examine and audit Tradesmen's Bills, which are paid by the Treasurer within a Fortnight after.—The Accounts are open at all Times for the Inspection of the Governors.

A Physical Committee, consisting of all such Governors as practise Physic, Surgery, or Pharmacy, or are conversant *Physical Committee*.

conversant in the Knowledge of Drugs or Medicines (excepting such as shall be directly or indirectly concerned in serving the Hospital with such Necessaries) are summoned to meet every first *Tuesday* in the Month, and have Power to order and inspect the necessary Drugs and Medicines, and report their Proceedings to the General Quarterly Court by their Chairman.

*Visitors.*

Two Governors, or more, are appointed Visitors by the House Committee, for one Fortnight, to attend twice a Week, or oftener, if they think proper, to inspect into the Management and Conduct of the House, during the Interval of the Meetings of the House-Committee.

*Chaplain.*

A Clergyman of the Church of *England* preaches every *Sunday*, and reads Prayers Morning and Afternoon; administers the Sacrament regularly every Month; reads Prayers Three Days in the Week; and is ready to visit, pray by, and administer the Sacrament at all Times when required, to the Patients in the Wards.

*Physicians, and  
Surgeons.*

Three Physicians attend alternately; Two of the Surgeons daily, from Eleven o'Clock till One, without Fee or Reward, and give their Advice and Assistance to all such Objects as come within those Hours, whether recommended or accidental. The Surgeons in waiting have two Pupils constantly in the House to receive, and, if necessary, to call the Surgeon to such Accidents as shall be brought in at any Hour of the Day or Night.

*Apothecary.*

An Apothecary constantly resides at the *Hospital*, who compounds and dispenses all Medicines used there, and solely attends the Business thereof.

*A Steward*

A *Steward* (for whose Fidelity proper Security is *Steward*. given) has the Charge of the House and Furniture, keeps an Account of every Thing brought to or expended in the House, and subjects the same to the Examination of the Visitors and House-Committee, and has the Inspection likewise of the Conduct of all the Men-Servants —Two *Matrons* have the Direction of the Nurses and *Matrons*. other Women Servants, and see the Diet and Medicines administered according to Order.—Under them, are Nurses and Watchers in Proportion to the Number of *Nurses and Patients*, who are guided by written Orders to prevent any Misconduct. Proper Diet for the Patients has been settled by the Physicians and Surgeons engaged in this Charity, and is fixed up in the Wards for the Satisfaction of the Patients and their Friends.

No Officers or Servants are permitted upon Pain of Expulsion to take of any Tradesmen, Patients, or other Persons, any Fee, Reward or Gratuity of any Kind, directly or indirectly, for any Service done, or to be done, on Account of this *Hospital*.

Every *Governor* is entitled to send One In-Patient at *Governors*. a Time, and Four Out-Patients at a Time. Subscribers of smaller Sums may likewise send Four Out-Patients at a Time. All Subscriptions are during Pleasure, and any small Sums from well-disposed Persons will be thankfully received; but in Order to carry on this Undertaking, all Persons are desired to pay their Subscription at the Time of Subscribing.

*Proper Objects.* The Poor Objects recommended as In-Patients, are received without Expence, and are supplied with Advice, Medicine, Diet, Washing, Lodging, and every comfortable Assistance during their Cure; nor is any Security required against future Contingencies, they being, in case of Death, buried at the Expence of the Charity, if not removed by their Friends. All Out-Patients have Advice and Medicines administered from Eleven till One.

*Accidents always received.* All Accidents, whether recommended or not, are received at any Hour of the Day or Night.

This is the Plan of our Proceedings; and though this Work has subsisted but Forty-seven Years, yet such has been the extraordinary Encouragement given to it, that since the 3d of November 1740, upwards of 441,445 distressed Objects have been relieved at the *London Hospital*; and from labouring under the Oppression of some of the most malignant Diseases, and unhappy Accidents, have been reinstated in their honest and industrious Capacities of working, and, so far as our Observation reaches, *their Morals much amended*; whereby the Public again enjoy the Benefit of their Labour, and they and their poor Families are preserved from perishing, and prevented from being an Incumbrance to the Community. And notwithstanding the great Number of Objects relieved by this Charity, it has not lessened the Number of Patients relieved by other Hospitals.

The Subscribers are desired to take Notice, that if any Patients do not conform to the Rules of the House, or are guilty of any Misbehaviour, they will be discharged, and

and never more relieved by this Charity; and not to send any Patient unable to walk, till they are first assured of Room in the House; *And when they recommend an In-Patient whose Settlement is in the Country, it is further requested, that they will satisfy the House Committee, concerning the Removal of such Patient, when cured, or judged incurable.*

“ *No Persons of known Ability to pay for their Cure, are allowed to partake of this Charity; nor any with infectious Distempers, or deemed incurable by the Physicians and Surgeons, or any in Consumptive or Asthmatic Condition, are admitted into the House, being more capable of Relief as Out-Patients.*”

The Patients, being admitted without any Expence, are required to be constant in their Attendance on the Physicians, or Surgeons, at the Hospital, before Eleven o’Clock; and at Nine o’Clock to return Thanks at the Chapel, and at the *Weekly Committee* next after their Cure; and those only who attend their Cure, and return Thanks, will receive a Certificate thereof, which will entitle them to future Relief.

*Such Persons as are inclined to encourage and promote so laudable a Work are desired to send their Subscriptions or Benefactions to Messrs. Boldero, Barnston, Carter, Snaith, and Barnston, Bankers, opposite the Mansion-House; or Messrs. Boldero, Adey, Boldero, and Co. also Bankers in Lombard-street; or to Messrs. Dorriens, Mello, and Martin, Bankers in Finch-lane, Cornhill; who will give proper Receipts*

for the same. And any Person inclined by Will to bequeath a Legacy to this Charity, is desired to do it in the following Manner, viz.

*Forms to be-queath a Legacy* Item, I give and bequeath unto the London-Hospital the Sum of *to be applied towards carrying on the charitable Designs of the said Corporation.*
